Profil

Graduating from high school in economics, I started to work very early as a still life fashion photographer at Nick Welsh photographs in Geneva. Then I moved to the field of motion pictures, learning skills on shootings while I was studying in the Geneva school of art, from which I graduated in Cinema. Since then I founded SwissLabel production.

Work Experience

Cinématographe, director, SwissLabel Production — 2007-Present

Mainly working as a cinematographer, being the owner of SwissLabelProduction I also direct or work as an editor.

As DoP, I shot around 50 short films (35mm, 16mm, Digital) 4 feature films, 6 documentaries, art videos or music videos and around 50 corporates or commercials.

Cinématographe, and Editor, Point Prod, Geneva — 2008-2009

Working at 50% with one of the biggest production company in Geneva, I could learn a lot of skills of production. I still work with them as a freelance

Coloriste, C-side production, Geneva — 2004-2006

Colorgrading commercials, films or TV projects I worked there during the end of my studies.

Photographer assistant, Nick Welsh, Geneva — 1998-2003

Starting to work with Nick Welsh during my studies in the vacation time I consider he as been my master, working as an assistant, colorist, developer and retouching I could learn a lot about the very technical part of still life photography.
